Dear Norman

Re: Ms Jane Smith, 3 Corby Road, Cottingham, MARKET HARBOROUGH, LEICS, LE16 8XH – Planning Application for Housing Development in Cottingham

I have been contacted by my constituent, Ms Jane Smith, about the proposed development of houses in Cottingham and I attach the press release that she sent me.

I appreciate that this application is currently subject to public consultation, though this is about to end, and I note that – at the point of writing – 74 comments have been logged on the planning portal. Clearly, this is a matter on which many people have strong views and I would urge the Council to ensure that the submissions by members of the local community are considered carefully within the planning process and at the point of making a decision about the application.

Yours sincerely

A handwritten signature in black ink that reads "Andy Sawford".
